DETAILED ACTION

Election/Restrictions

1. Restriction to one of the following inventions is required under 35 U.S.C. 121:
 - I. Claims 1-9 and 16-21, drawn to monitoring data packets for source information or address, classified in class 709, subclass 224.
 - II. Claims 10-15 and 22, drawn to redirecting or rerouting of data packets, classified in class 709, subclass 239.

2. The inventions are distinct, each from the other because of the following reasons:

Inventions Group I and Group II are related as subcombinations disclosed as usable together in a single combination. The subcombinations are distinct if they do not overlap in scope and are not obvious variants, and if it is shown that at least one subcombination is separately usable. In the instant case, invention Group I has separate utility such as monitoring data packets for source information or address, and Group II has separate utility such as redirecting or rerouting of data packets. See MPEP § 806.05(d).

3. The inventions are distinct, each from the other because of the following reasons:
 - a) These inventions have acquired a separate status in the art as shown by their different classification.

- b) The search required for one Group is not required for the other Group. For the reasons above, restriction for examination purposes as indicated is proper.
4. A telephone call was made to Patrick D. Benedicto, Reg. No. 40,909 on 04/12/2006 to request an oral election to the above restriction requirement, but did not result in an election being made.
5. Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).
6. Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a diligently-filed petition under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(h).
